DURING THIS PAST summer, we converted to paid circulation. We also printed our receipts so that each one is worth 25 cents toward payment of a classified ad. We are not sure, but we like to think this was an original idea. Now we announce another original idea that we copied from someone.

FREE PASSES to the Campbell Theatre will be waiting for boys and girls on their birthday. We have a few simple rules. First of all it's for kids up to and including twelve year olds. Only the child having the birthday gets the pass. And the child's name must be registered in the Campbell Press's Aunt Geraldine's Happy Birthday Club. To register all you have to do is fill in the blank appearing in today's issue; and which will appear from time to time in The Press.

WHILE CHATTING WITH Gus A Villa, owner of the Campbell Theatre, about the plans for the birthday passes he mentioned a letter he had received. After reading it we thought it would be of interest to the parents who might register their children in the Birthday Club. Gus was proud of it and we can't blame him.

Dear Management,
This evening my husband and I attended your theatre and were very pleased to be treated so well.
It was so refreshing to realize that there are still people in this busy world who really care about their patrons. Thank you for an enjoyable evening. We really appreciated your courtesy.

WHAT WE THINK WAS an interesting incident happened to us while walking down Campbell Avenue the other day. We ran into a young man whom we had just printed a story about a week or so previous. He had gotten into what we thought was serious trouble with the police. We were sort of stunned to see him foot loose and fancy free. When we asked him about his escapade, he proudly pulled out the clippings about his arrest and commenced to give us a complete story. Then he even pointed out he thought the two hundred dollar fine was paid and he was satisfied that all was well. We would judge the guy to be about twenty years old.

AFTER LEAVING HIM in a stunned manner, we couldn't help but think about the City Council meeting where the Mayor had suggested that the Council not endorse the proposed West Valley Junior College Bond Election. We don't mean to suggest that a Junior College will eliminate this sort of problem, but we think it will give more of our high school graduates a better opportunity to help themselves.

Campbell C of C endorses Junior College Bond Vote

The West Valley Junior College bond issue received a unanimous endorsement from the Campbell Chamber of Commerce Board of Directors Thursday afternoon, following a presentation made by Bruce Allen, chairman of the WVJC Board of Trustees and Dr. Wallace W. Hall, president and superintendent of the District.

The bond election is slated for March 10. The District is asking for \$16,000,000 to purchase 100 acres of land and build a campus. Dr. Hall pointed out there will be no increase in the present tax rate for the residents of the District. Approximately 4,500 students are now anticipated from the District. The new college will open in temporary quarters

in September at the Campbell Grammar School. Only Freshman level classes will be offered. It is expected there will be 3,000 enrollees for WVJC's first classes.

The college will offer regular Academic studies which will meet transfer standards of any four year college or university, for students wishing to complete a four year program. It will also offer a variety of Occupational-Vocational programs for students who plan to terminate formal studies after two years or less. There will also be broad educational courses as well as specialized preparation, including Trade and Technical training.

The Santa Clara and Los Gatos Chamber of Com-

merce have already endorsed the West Valley Junior College Bond Election and the Santa Clara City Council has given formal support to the District.

Night fire damages Cherry Lane School

A malfunctioning furnace was believed to be the cause of a fire in the primary section of Cherry Lane School early Tuesday morning. Fire Marshall Gene Borden reported damage to the ceiling, walls, roof and floors was estimated to be between \$5,000 and \$10,000.

Campbell Police Officer A.L. Silva was the first to notice smoke coming from the northwest wing of the School at 1:30 a.m. on Tuesday. He radioed the Campbell Fire Department who responded with two engines, 13 regular firemen and 5 volunteers.

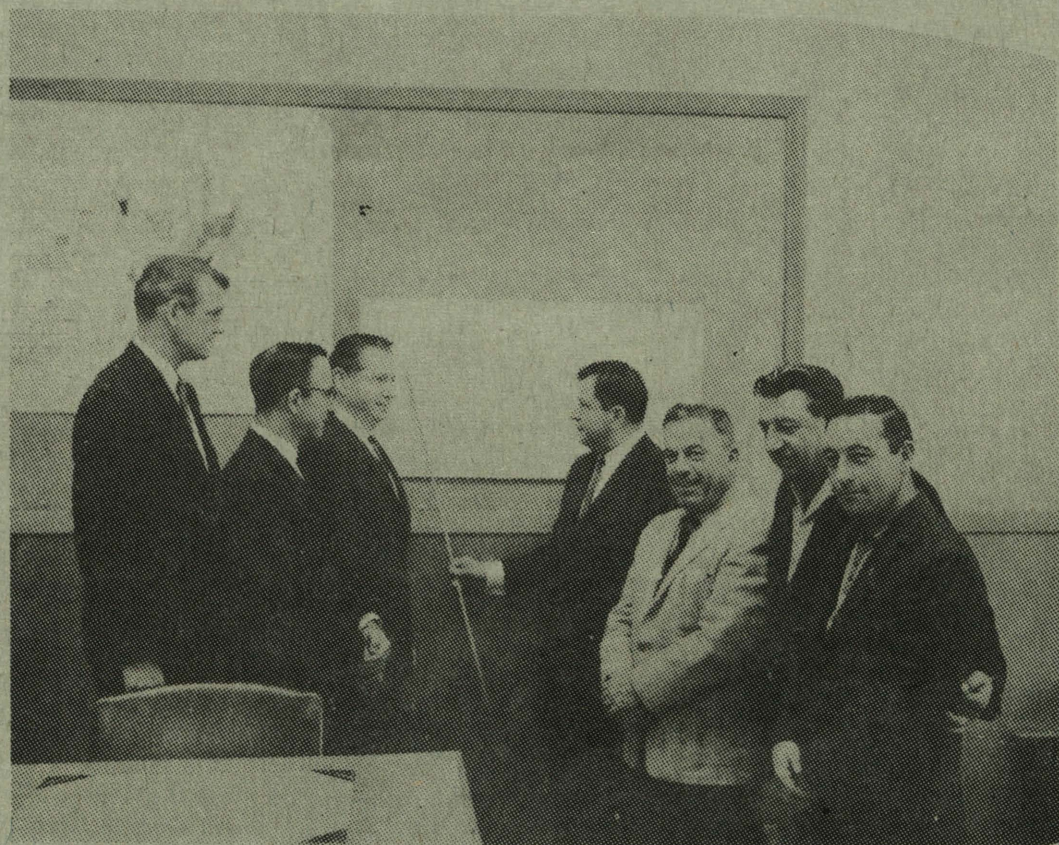

When the children appeared for school Tuesday morning they were immediately re-routed to other classrooms. Classes will be held as usual.

WV Orchestra in need of more strings

More violinists are needed to play in the West Valley Community Orchestra, according to Raynold Allvin, conductor. The newly formed orchestra, which is a project of the Campbell Adult Education Department, meets every Monday night at Blackford High School. Adults with sufficient ability to meet

the requirements of the organization are cordially invited to join.

Earl Stanley, Director of the Campbell Adult Education program, indicated the name of the musical organization will be changed to Blossom Valley Community Orchestra, so as not to conflict with other groups of the same name.

ROTARY'S COMMUNITY PROJECT... The completion of a Children's Park site at the Virginia Park is the worthy project taken on by the members of Campbell Rotary Club. Pictured here are mem-

bers of the steering committee who will spearhead the project. Left to right, Myron Hawk, City Engineer, who will work with the Club, Edward Tonini, Dr. Edward Rogers, City Council-

man, Ted Regas, President of Rotary, Mario Saia, Ira Kirkorian and Charles Barrett, Jr. The local organization will contribute \$1000 and physical labor for the completion of the Park by May 1.

Henry Weitzel will not seek re-election

Henry A. Weitzel, 191 El Caminito Avenue, former Mayor and a City Councilman for over five years, has announced he will not be a candidate for re-election. Weitzel, who is associated with the firm of Hiatt and Zolezzi, real estate brokers, is a former police officer from Los Angeles.

Thus far, two local residents have taken out petitions to file for the office of City Councilman. They are William Mertsching, 439 Sunberry Drive, a Los Gatos real estate agent, and Sydney Smith, an electrician, at 530 Century Drive. Elections are to be held on April 14 to fill three seats on the five man Campbell City Council.

A letter to the Campbell Press from Henry Weitzel is printed here for its readers:

This is to inform the people of the City of Campbell, that I will not be a candidate for re-election to the Council.

During my five and one-half years as councilman, I have endeavored to serve and work toward the best interest and welfare of our community. David R. Finch, 32, Campbell attorney, was elected president of the West Valley Bar Association for the year of 1964, at a meeting of the organization held at La Hacienda Inn in Los Gatos recently. Finch, who has offices at 415 East Campbell Avenue is thought to be the youngest member of a Bar Association in the State ever to be elected president.

I am sorry that I cannot thank the people of Campbell individually for their support during my term in office, therefore I am using this media to tell you that I am happy to have served in the past and appreciate your confidence in me.

Search begins for Miss Campbell; Local girls urged to enter contest

Calling all girls! The annual Miss Campbell search is on again with the fitting climax being the Miss Campbell Pageant at the Campbell High School auditorium on May 2. At this time some lovely young Campbell miss will be named Miss Campbell of 1964 and will reign over the Old Settler's Celebration May 14, 15, 16 and 17.

Miss Campbell will also represent Campbell at many civic functions. The first official reigning will be entered in the annual Miss Santa Clara County contest. The ten finalists will be sponsored by local merchants and many valuable prizes will be awarded the final judges choice. Judging will be based on personality, talent, poise and beauty.

All contestants must be residents of Campbell, between the ages of 17 and 21, and single. The Miss Campbell Contest Entry Blank, to be found in this paper, must be filed with the Campbell Chamber of Commerce by March 1 in order to receive the official entry form. Many exciting events are being planned for the young entries, according to Ken Stephenson,

chairman of the event.

Starting with the entry deadline March 24, screening and qualifying will take place on March 25 with elimination night set for April 3, at which time the

judges will select the 10 finalists. A fashion show is scheduled for April 23 with contest rehearsals between April 24 and May 1. The final Miss Campbell pageant date is May 2 at which time the girls will be judged for talent, evening wear and sports wear appearances. The girls will be chaperoned at all times and all group appearances will be made through the committee.

Stephenson will be assisted by co-chairman Jerry Fitzsimmons, assisted by Juan Yepiz, Peter Griggs, Robert Culp, Jane Eastman, William Finch, Betty Leonard, and Eugene Borden.

A large number of entries are expected this year. Miss Judith Long, who was Miss Campbell of 1963, will also be on hand to applaud the girls who are vying for the position she has so graciously filled during the past year. Only 24 days remain to file your entry blank request, and the lucky girl may be you. Clip the entry blank request and file early with the Campbell Chamber of Commerce, 33 North First St., Campbell.

CHAIRMAN-- Ken Stephenson has been appointed chairman of the annual Miss Campbell of 1964 contest, sponsored by the Campbell Chamber of Commerce. The event will be held at the Campbell High School Auditorium on May 2. Stephenson urges local girls between the ages of 17 and 21 to apply.

Pay for Councilmen

It was interesting to hear the Mayor suggest to the City Council that the Campbell Council should go on the record as opposing the West Valley Junior College Bond election to be held March 10. The opposition itself was not as amusing as the reasons given. After all we maintain that each of us has a right to his opinion, but because a Mayor in a nearby town publicly opposed the bonds is not a justified reason for Campbell, Santa Clara and Los Gatos high school graduates to become "orphans". What is done in Monte Sereno may be fine for Monte Sereno, but in our opinion our leadership should be concerned with CAMPBELL AND ITS TAXPAYERS.

Here is another interesting observation. It is almost a certainty that the Junior College will occupy the Campbell Grammar School site. The Mayor pointed out Chief of Police John Morgan had advised him (the Mayor) that five additional police officers would be needed to control the resulting traffic. He also complained that Campbell would lose revenues from retail sales and ad valorem taxes. Our question is, would the five police officers be parking the cars for the students? We submit that the City would not be losing any tax revenues. How could it lose something it never had? True, the opportunity of possibly increasing the revenues will be delayed. But this is assuming that the school property would have been purchased and commercial buildings would have been constructed and leased during the college's occupation. We admit there was a possibility. But we should like to point to the "eye sore" created by the University Avenue School in Los Gatos. It is a potential commercial development.

However, assuming that the complaints listed by the Mayor were valid, we have another question. Wouldn't the endorsement and all possible assistance in approving the Bond Election expedite the moving of the college to its new quarters? We are certain that the College Board and all connected with the institution will be counting the days until M - Day.

The Chamber of Commerce Board of Directors has voted unanimously to endorse the proposed Bond Election. With the number of students and teachers attending the school it can mean plus business for most all of the local establishments. We feel that the Board's action shows sound judgement. In one sense of the word, this is another industry for Campbell. We feel sure that with the right cooperation, the College Administration will be happy to solve any problems in a community spirited manner.

WE SAY WELCOME ABOARD. CAMPBELL IS NOW A COLLEGE TOWN.

Let's speak for ourselves

THE RACE IS ON! Interested candidates for three City Council seats is open. It is time for the people of Campbell to prepare to speak loud and clearly!

Campbell City Councilmen receive no stipend. We are reminded about this very often. Many of these men spend many hours attending meetings and studying various problems during their "at home time". We also know that these men are forced to listen to many more complaints than praise.

Although many of us would remind each of the Councilmen that he should have been aware of the "no pay" and "all work" situation before entering the election, we should like to offer a proposal for the electorate to consider seriously. We think that some group should take it upon itself to petition the City Clerk to cause the proposition on the ballot for the coming election.

We submit that beginning with the newly elected Councilmen and from then on, members of the Council receive a salary of \$100 per month plus expenses. We further submit that it would save the taxpayers money.

In 1959 four local Councilmen attended a meeting in Denver, Colorado at a cost to the city of \$1,089.19. the State of California. We suggest that when these men travel outside of the state very little benefit is derived by the City. However, meetings with cities of our size and in California may be beneficial as to ideas and problem solving. We sincerely feel that by offering the Councilmen the \$100 per month salary interest could be generated whereby the voters of In 1960 five went to New York costing the City \$1,633.36. The Philadelphia trip of five men took \$2,164 of taxpayers money. And in 1963, \$1,152.30 was spent to pay for three Councilmen to attend a meeting in Houston, Texas. A grand total of \$7,632.05.

This grand total does not, of course, include the cost of sending our representatives to meetings within Campbell will be offered a wider choice of more qualified men. There can also be a saving, using the above out of state expenditures over a period of five years, of over one thousand dollars.

It will give, in our opinion, our city another step in the right direction toward making it the Hub of the West Valley.

WEST VALLEY JOINT JUNIOR COLLEGE DISTRICT

4710 Campbell Avenue
San Jose, California, 95130
January 29, 1964

Dear Friends:

Admiral Inglis of Monte Sereno objects to the West Valley Junior College District bond issue as a "pig in a poke" with no definite site, etc. He and the other members of the Monte Sereno Council have stated, "The college has not disclosed where the campus is planned, its acreage, and other details. . . . In other bond issues, specific information has been given before the election. . . . On the contrary, the junior college has not stated officially how many campus sites they will buy, where they are to be located, the acreage in each site. . . . what additional money will be wanted, and where it will come from. . . . etc."

It is unfortunate that Admiral Inglis and his colleagues on the Monte Sereno Council had so little knowledge of the facts when they in effect said the West Valley Governing Board had not officially given the reasons for calling the bond election.

At public meetings of the board on December 5 and again on December 19, these matters were discussed extensively with representatives of its Citizens Advisory Committee. Very full accounts of the discussions were carried in the Los Gatos-Saratoga Times Observer for December 6 and December 20, 1963, not to mention the San Jose Mercury for the same date and the Campbell Press for December 25 and Santa Clara Journal for January 1, 1964.

The West Valley Junior College Board knows exactly the reasons for calling the bond election, and these are included in the above-mentioned news accounts of its official actions. The specifics are as follows:

1. The precise amount of the bond issue is \$16,000,000.
2. This amount will purchase one 100-125 acre site, estimated to cost in the neighborhood of \$1,500,000.
3. This amount will construct a campus containing approximately 486,000 square feet of floor space at an estimated cost of \$12,700,000 for construction costs including building, utility lines, site development, grading, and improvements. The square footage was based upon a campus serving 4,500 full-time students, as recommended by our Citizens Advisory Committee, at the statewide average of approximately 108 square feet per student. The cost estimates were based upon published Department of Finance figures determined December 11, 1962, and adjusted for junior college costs and to take care of a 5% annual increase in construction costs.
4. It will include approximately a million dollars for equipment as well as additional amounts for necessary fees.
5. The total project is estimated to cost \$16,980,000 with outright state grants on a matching basis making up the difference between it and the \$16,000,000 bond issue.
6. The costs of the bonds and current costs of the district for the next several years can be financed

with no increase in the junior college tax rate for this year. To delay will only result in higher construction costs.

It is true the board has not yet determined a site, BECAUSE ITS CITIZENS ADVISORY COMMITTEE IS STILL STUDYING SOME TWENTY AREAS BROUGHT TO ITS ATTENTION. Careful consideration must be given to the factors of accessibility, soil tests, topography, original site acquisition plus development costs for all of these areas before a sound decision can be reached. The district's architects are now giving careful attention to this problem. When it has been finally selected, money must be available for its purchase. This is only one important reason why a bond issue should be approved.

This district is required by state law to furnish junior college education to students from Los Gatos, Campbell, and Santa Clara High School districts. For most students from these areas, whatever college education they receive we will provide. This year, through favorable contractual arrangements, we were able to provide this education at San Jose City and Foothill Colleges at a price which keeps our tax rate (54¢) comparable to our neighbors and within the range (35¢ plus bonds) promised the voters on creation of the district. Even with these favorable arrangements, our West Valley District has budgeted \$1,650,000 to pay other districts for the education of our students. To avoid continuation of this amount, we plan to start classes for freshmen in September in rented buildings in the center of Campbell. We can provide the best of instructors, but the buildings are only available temporarily and are far too small for the full-scale operation of our junior college (4,500 units of A.D.A. by 1967-68). We now have over 5,500 full-time and part-time students.

THE ONLY ALTERNATIVE TO (a) PAYMENT OF OVER A MILLION DOLLARS A YEAR EXTRA IN TUITION—FROM YOUR TAXES—TO OTHER JUNIOR COLLEGES, or (b) A REALLY INADEQUATE CLASSROOM SITUATION FOR OUR STUDENTS, IS (c) to construct a complete junior college facility of our own as fast as is reasonably possible. To this end, we have employed architects who are known to be both competent and economical to design the buildings. We have our staff working with state and county officials and a Stanford consultant to develop our space requirements. It will take three years to design and construct the complete college.

We know that some of our costs will vary up or down from what is anticipated, but we shall have to adjust accordingly; and if we can save anywhere, we can buy the second site we know will be required.

As indicated above, we can handle this bond issue and our present program for at least the next five years with the present tax rate of 54 cents. This plan is our best solution to the educational requirements of our students which we are required by law to meet. If the bonds are defeated, we must turn to one of two alternatives, either of which mean much higher taxes and a poorer educational program. To either contract our students out or purchase temporary classrooms on a pay-as-we-go basis would force our tax rate way up.

It seems unfortunate that the City Council of Monte

Billions of dollars and hundreds of concessions later, it may be time for us to honestly look at where American foreign policy has gotten us since World War II.

To counteract the hunger, destruction and poverty left by the war, the famous Marshall Plan and the principle of foreign aid became the cornerstone of our foreign policy. A conclusive testimonial to its success is that early recipients of our aid were saved from Communism and to this day are free and prosperous.

Sereno, in its desire to keep all school buildings out of their city, must take such a negative position on the vital need for collegiate educational opportunities for the youth and adults of the entire West Valley area in order to avoid even the possibility of the location of a junior college within its borders.

BRUCE F. ALLEN

Chairman of the Board,
West Valley Joint Junior College District

Flushed with initial success, the United States falsely assumed that spending more dollars in more places could buy friends all over the world. So aid was extended to 105 of the world's 112 nations. And today, \$100 billion and more than a decade later, the world is less secure against Communism than at the close of World War II. A look around the globe will confirm this.

The Chinese are building new roads in North Korea presumably to move troops southward. There is Communist influence in Japan, Red China, with its ego

inflated by French recognition against American wishes, continues to exploit South Viet Nam from its base in former French territory. The war against the Communist Viet Cong goes badly because the military leaders of the Diem regime are now preoccupied with politics. Cambodia, until recently a recipient of U.S. aid, sends Communist arms to the rebels. Sukarno

presses an illegitimate claim to Malaysia and the Chinese Communists continue their buildup of troops for a two-pronged attack against India from Tibet and north of Burma. Our trusted friend, President Ayub of Pakistan is unhappy with our decision to join Russia in supplying India with jet planes.

In Africa the little nations, which emerged with our help and received equal representation with us in the United Nations, are revolting at the instigation of Red China. Zanzibar is gone. Tanganyika is wavering, so is Kenya, and the Congo is ready to boil again.

In South America the Alliance for Progress is a failure. A U.S. dignitary visiting Lima recently asked to be shown the results of American aid and was told there was nothing to show. Poverty is universal. Brazil steadily drifts to Communism and Venezuela follows. Panama, beneficiary of \$115 million of our foreign aid, makes unreasonable demands and the possibility of Panamanian revolt followed by a Communist takeover complicates the problem.

Castro runs to Moscow and gets assistance to harass us further from a

country that won't pay cash for U.S. wheat. At the same time his transportation system is improved with British busses. Mexico continues to deal with Castro and may be next to fall within the Communist orbit.

The world situation is not good. In fact, it clearly indicates that our foreign policy is failing and is not keeping pace with the times. For this reason Congress has balked at continuing to pump taxpayers' money into foreign aid, and has forced a re-evaluation of the program. We hope the result will be a modern foreign policy based upon the realities of 1964 instead of 1949.

New methods in teaching blind students in Campbell

Since 1951 the Campbell Union School District has had a program for blind children in its schools where the visually handicapped child is part of the regular class. Not too long ago the blind child was segregated from sighted children and sent to a residential State School for the Blind.

At this point the Campbell District has nineteen blind students enrolled in Quito and Monroe Schools.

After twelve years, the public is beginning to realize the blind child can attend school with sighted children. Extra help is given to them by a resource teacher equipped with Braille teaching aids. Mrs. Marian Canfield, Resource teacher of the blind students at Monroe School said in an interview, "The integrated classroom helps the other children take home experiences with blind children to parents and relatives; they do a lot to change public opinion in their attitudes toward handicapped children.... Children tend in the beginning to be over protect-

ive. The classroom teacher has to work hard to get the children to realize there are so many things they can do on their own and that they don't need so much help. Other children realize these blind children need to be independent as much as possible. If a sighted child ever sees a blind student in trouble or bumping into someone else, he is willing to help. The children have been very considerate."

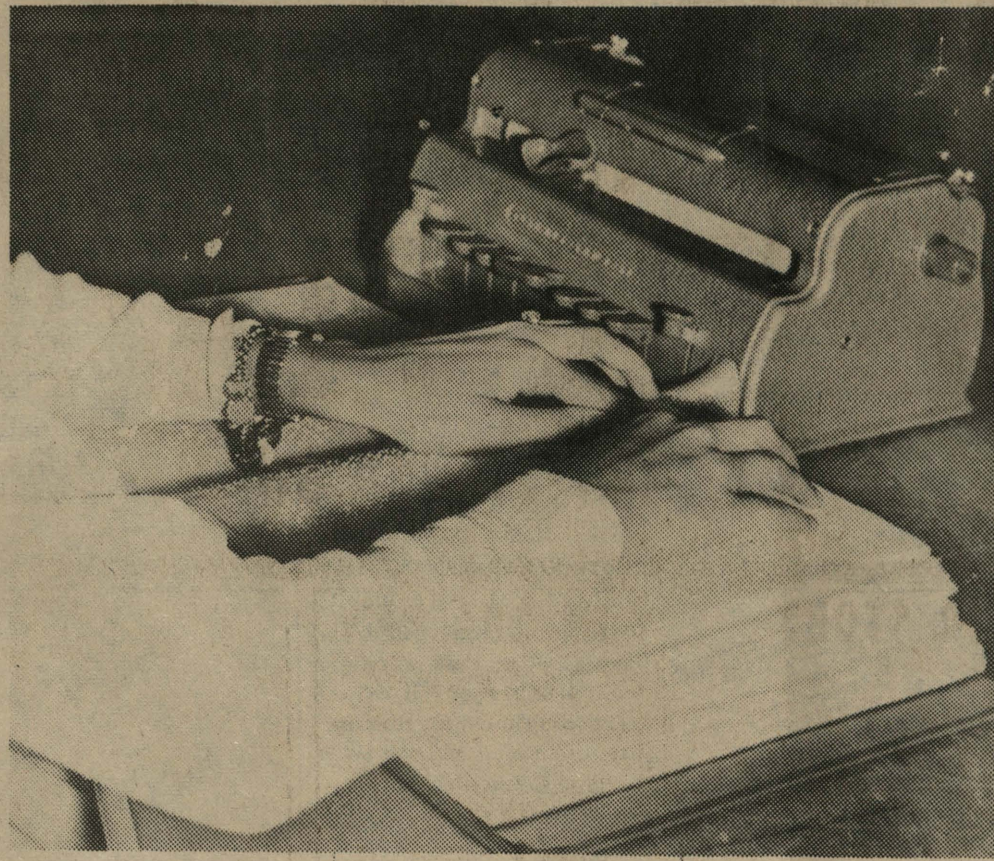

Helen Peterson, assistant to the superintendent of Campbell School District, has said that the increase in the county population has made it necessary to accept only those who are totally blind and who need help the most. At one time, perhaps a third of the children could read large type.

District Psychologist Richard McQuiddy points out "Of all the handicaps that a person could have, probably blindness is the least severe—because once the child learns to read

Braille, he can function as well as anybody can. When you get a blind child five or six years old in school, he has a big fund of information to draw on. His mind is working clearly and he knows how to talk. Once he gets the idea of the little dots that make up

Braille, the blind child catches right on and continues like any child learning to read."

Senior students from San Jose State College majoring in Occupational Therapy have been coming to the schools to work with the blind youngsters. They help them with typing, crafts and individual Physical Education. The blind student gets free range of motion in individual P.E. In time the blind student gains confidence and can jump on a trampoline...do a 50 yard dash with another girl holding her hand...tumbling...hop, skip and jump. Another student from San Jose State is acquainting the blind children with the

regular use of scissors, scotch tape, drawing materials. They use clay, draw on aluminum foil, and they have very definite ideas, different and individual.

LIFE AT HER FINGERTIPS—A blind student in the Campbell Union School District reads with the help of a Braille writer. The Campbell

District, which was the first to start a program for blind students in 1951, now has 19 visually-handicapped students who are taught in the Monroe and Quito Schools.

AT THE CAMPBELL LIBRARY

SYMBOL, STATUS AND PERSONALITY by S.I. Hayakawa

Hayakawa demonstrates with wit and brilliance how transparently our use of language reveals our hopes and fears, our search for status and identity, and even our condition to sanity. Words are mirrors of meaning, and the portrait of contemporary American culture is etched in its advertisements, its patriotic slogans, its religious terminology, and its racial and class stereotypes.

NEVER CRY WOLF by Farley Mowat. Farley Mowat was an official biologist for the Canadian government in the Keewatin Barrens in the Arctic. In these pages he describes the summer he spent watching and tracking the activities of a wolf family which he came to know better than he knew himself. Like others before him who made close acquaintance with the wolf, Mowat found the wolf in fact to be very different from the wolf of legend. It is a captivating book destined to take its place on the shelf of animal classics.

Zion Lutheran Church elects

Three men were elected to the church council at the annual meeting of Zion Lutheran Congregation January 19. The men are Paul Epler, George Iverson and Herscel Patterson.

The entire church council of 11 men was installed by Pastor R.B. Wiederanders at the service last Sunday. The council will organize itself and make plans for the coming year at a retreat to be held at Mt. Cross in the Santa Cruz mountains February 7 and 8.

Zion Congregation also voted to participate in the Bethel Bible Series. This series, developed at Bethel Lutheran Church in Madison, Wisconsin, at a cost of \$100,000, is a nationally famous course of adult Bible study. It involves the careful training of lay teachers over a period of two years, after which they are ready to lead the congregation in mature study of the Bible.

Next Sunday Pastor Wiederanders will continue his sermon series on Christian Relationships by preaching on "Labor Relations Under the Cross."

LITTLE LEAGUE
The Quito Little League will kick off the 1964 season with a fund raising dance on Saturday night, February 15, at the Live Oak Inn, Los Gatos. The Chuck Marino Trio will play for dancing beginning at 9:30 p.m. Prizes will be offered and tickets may be purchased at the door.

4-H Club sees movie on Guide Dogs for Blind

The Campbell 4-H Club held its regular monthly meeting on Friday January 17.

Following refreshments a very interesting speech and movie were presented from "Guide Dogs for the Blind," in San Rafael, California.

After the movie, "The San Rafael Story," a question and answer period was held.

Later, Barbara Lieden, of Foothill 4-H, gave a talk on her guide dog puppy. (Puppies are given to 4-H members to raise until they are one year old.)

During the meeting Rick Payne gave out membership cards.

pin you down. Get a dryer.

Are you tired of hauling heavy baskets of wet wash to the line?
Are you tired of running out of clothesline before you run out of clothes?

Are you tired of waiting for the sun to come out? Or the rain to give in? Of lines that break? Of wash that's all tangled? Of drying clothes

in the garage? Of sprinkling before you iron? When washday is over, are you just plain tired? You are?

Then there's no need to tell you about the advantages of a dryer, is there?

Harry Mayfield named to YMCA board of managers

A Campbell resident, Harry O. Mayfield, of 859 N. Central Ave., has been inducted as a member of the board of managers of the Southwest Branch, Metropolitan YMCA of San Jose and Santa Clara Valley.

Induction was held Tuesday, Jan. 28, in the Central "Y" building, 1717 The Alameda. The Southwest Branch of the YMCA serves boys living in Campbell, Cambrian Park, Morgan Hill, Los Gatos, Monte Sereno and Saratoga.

Inducted with Mayfield, at the branch board's first organizational meeting since the YMCA adopted its metropolitan organization, were Kenneth R. Taylor of Cambrian Park and Clovis Mirassou and James Crawford of Los Gatos.

Apart from Mayfield, the branch board of managers contains one other Campbellite—the Rev. W. H. Gould, pastor of the First Methodist Church of Campbell.

Meanwhile, the Southwest branch's annual membership "roundup" is under way under the direction of Robert L. Jackson of Cambrian Park, who also serves as chairman of the branch board of managers.

Both participating and sustaining memberships are being sought, Jackson explained. Sustaining members' dues help make YMCA facilities available to youngsters who might not be able to afford them otherwise.

Peterson wins for Bucs 46-45

League leading Campbell "B" Basketball players played themselves into a sloppy 35 to 35 tie after regulation play against the Los Gatos Cats, on Tuesday, January 28. This warranted an overtime period. This period led to another tie and sudden death overtime was planned. Alan Dwillis of Campbell scored the first points in this quarter and for a while it seemed that the little Bucs had won.

With both teams in the showers, the referees decided that a sudden death overtime was "non-existent" in the WVCL league. So, back went the "B" teams.

With only 59 seconds left in the game, Duane Peterson of Campbell made one of two free throws to put the Bucs out ahead by three points. This lead lasted and the Bucs had won their 6th straight game, 46 to 45.

High point for Campbell was Bob Fancher with 13 points and for Los Gatos, Steve Pankhurst was high with 22.

A native San Josean, Al hopes to stay in this Valley and attend college at Santa Clara University. His major is still uncertain.

Asked about the B team, of which he is one of the leading scorers, Al replied, "They're the best team, a bunch of terrific guys," and in all modesty "I'm proud to be one of them."

Community Council honor fifteen Campbell families

Fifteen Campbell families will be among the more than 700 couples to be honored for their unique contribution to Santa Clara County. These special families are foster parents who are helping to meet the needs of the more than 1,000 county children who for various reasons are not able to live with their own families.

The Community Council of Central Santa Clara County and the Willow Glen Kiwanis are sponsoring the 4th Annual Foster Parent Recognition Event on Sunday, February 9th at 2:00 p.m., at the Abraham Lincoln High School in San Jose. At this event, community leaders joined by agency board and staff members will express the appreciation for the entire county.

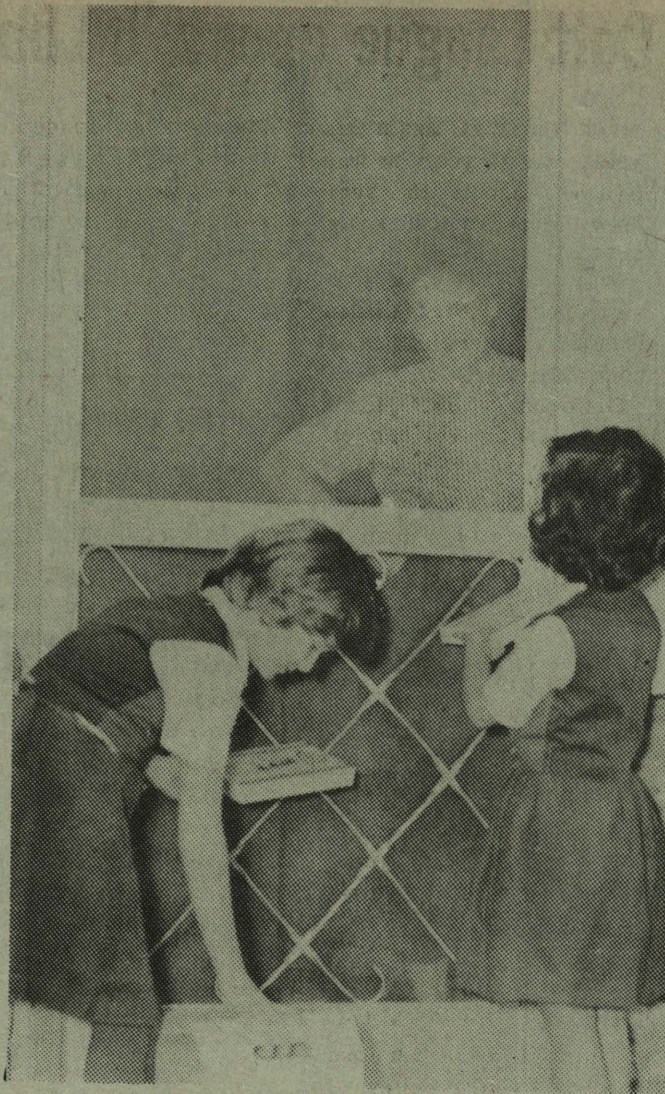

The planning committee is chaired by Mrs. Alden Campen. Serving on the committee is Mrs. Eldred Nelson of Campbell who also is a foster mother. Assisting with the planning are the six placement agencies who work with the county's foster parents: Eastfield, Ming Quong, Santa Clara County Welfare Department, Catholic Social Service, Santa Clara County Juvenile Probation Department and Children's Home Society.

The speaker at the event will be Rev. Walter Schmidt, Director of the Santa Clara Valley Youth Village.

The Campbell families to be honored on Recognition Day are the following:

Mr. and Mrs. James Avrand, Mr. and Mrs. D. Bianucci, Mr. and Mrs. Jerry Boyes, Mr. and Mrs. Jim Byers, Mr. and Mrs. George Casselman, Mr. and Mrs. Harry Forsythe, Mr. and Mrs. E. Grable, Mr. and Mrs. Lee Liebman, Mr. and Mrs. Eldred Nelson, Mr. and Mrs. Robert Parsons, Mr. and Mrs. Virgil Phariss, Mr. and Mrs. Frank Raczyski, Mr. and Mrs. Franklin Rhodes, Mr. and Mrs. R. Sparks, and Mr. and Mrs. George Stair.

Anyone interested in becoming foster parents can obtain further information by calling the Welfare Department at 299-2981 or by calling one of the placement agencies direct.

FIRST CUSTOMER-- Campfire Girls Dawn Engdahl and Sandra Moberly (left), get ready to sell a box of Camp Fire Girl candy to a prospective customer. The Campfire Girl Candy Sale

which begins this week, will help to pay for improvements at Camp Wastahi, near Boulder Creek. The girls are looking forward to their annual summer camp there this year.

The Camp Fire Girls Candy Sale, which is held annually, is an opportunity for girls to earn a part of their camp fees, or credits for some other Camp Fire Girl Activity. The Camp Fire Girls, Jr. Hi, Camp Fire Girls also, can earn honor beads in Business Craft for participating in the Candy Sale.

Some of the monies from the Candy will be used for development of camping facilities at Camp Wastahi. Camp Wastahi is the resident camp owned and operated by the Santa Clara County Council of Camp Fire Girls, and a member of the American Camping Association. Plans for this year's projects at Camp Wastahi include the completion of adequate storage space for the Camp's water supply and the building of a CIT area which meets the physical and program requirement of the Camp Fire Girls Counselor-in-Training program.

Another use of the monies will be allocated to the day-to-day operations of the Council. Even though the Camp Fire Girls Council receives support from the United Fund, at this time the United Fund is unable to provide all the financial support of the Council. Therefore the Council must raise some of its own funds. The Candy Sale is one way to do this.

Ta No Kina Camp Fire Girls Mrs. Wayne Moles' fifth grade Group of Camp Fire Girls, the Ta No Kina Group, recently attended a rehearsal of the play, "RUMPLESTILTSKIN," in the little theater located in

Happy Hollow. This play is being put on by the San Jose Jr. Theater Group, under the direction of Mr. Bigelow and Mr. Lickwar, who is in charge of the San Jose Recreation Department.

This interesting play will take place again, free of charge, on February 8 in the Montgomery Civic Auditorium at 10:30 a.m. and 2:15 p.m.

Members of the Ta No Kino Group who were greatly interested in it are: Nancy Arata, Laura Aronson, Carolyn Compton, Karen Grady, Janis Hayes, Margaret Kepner, Mary Koller, Deborah Arrufat, Deborah Baker, Kathy Cantwell, and Danielle Moles. This group has been very active for some time.

The presentation of "RUMPLESTILTSKIN" should be of interest to all Camp Fire Groups.

NEW DIRECTORY

Airy arches and open screens of the Saratoga High School Library reflect civic pride from the cover of the new Campbell-San Martin-Saratoga telephone book.

The bigger-than-ever directory, 47 tons of it, is being delivered to more than 37,000 telephone users, according to J.F. Gavin, Jr., Pacific Telephone Manager for Campbell. That's an increase of more than 5,000 subscribers in the past year.

Besides such things as 172,000 alphabetical listings and 208 pages of classified Yellow Pages advertising, the new directory includes calling instructions, message unit maps for the Campbell-Saratoga region

Engineer makes Campbell Avenue widening report

The Campbell City Council unanimously approved a report presented by City Engineer Myron Hawk outlining the widening of the intersection of Campbell Avenue near Milton Avenue. Hawk indicated that certain property owners would not participate in the Local Improvement District, but that four lanes of traffic could be instituted in front of their property with no parking, if the sidewalk and curb on the south side were moved and parking strips on both sides eliminated.

Councilman Henry Weitzel proposed that the Engineer proceed with the preparation of the Engineer's report, excluding these properties, remove curb and gutters on the south side and provide four moving lanes of traffic and no parking. The owners will be contacted and the situation explained, the City Engineer reported.

Teen-age party in Saratoga turns into first class riot.

Two Los Gatos men were arrested Friday night as the result of a teen-age "open house" party in Saratoga that turned into a riot. Arrested by Sheriff's Deputies were Virgil Lee McAllister, 20, 16813 Vasona Avenue, for disturbing the peace, and Gerald Conrad Kikuchi, 22, 222 Carlester Avenue, Los Gatos, for street fighting. According to Deputy Tom Rhodes, who was the first officer to arrive at the scene of the party at 13542 Myren Drive, Saratoga, there were over 200 young people milling around the street and yards in the residential tract. Rhodes told the Campbell Press he had been called by neighbors who complained of cars parked in their driveways and excessive noise.

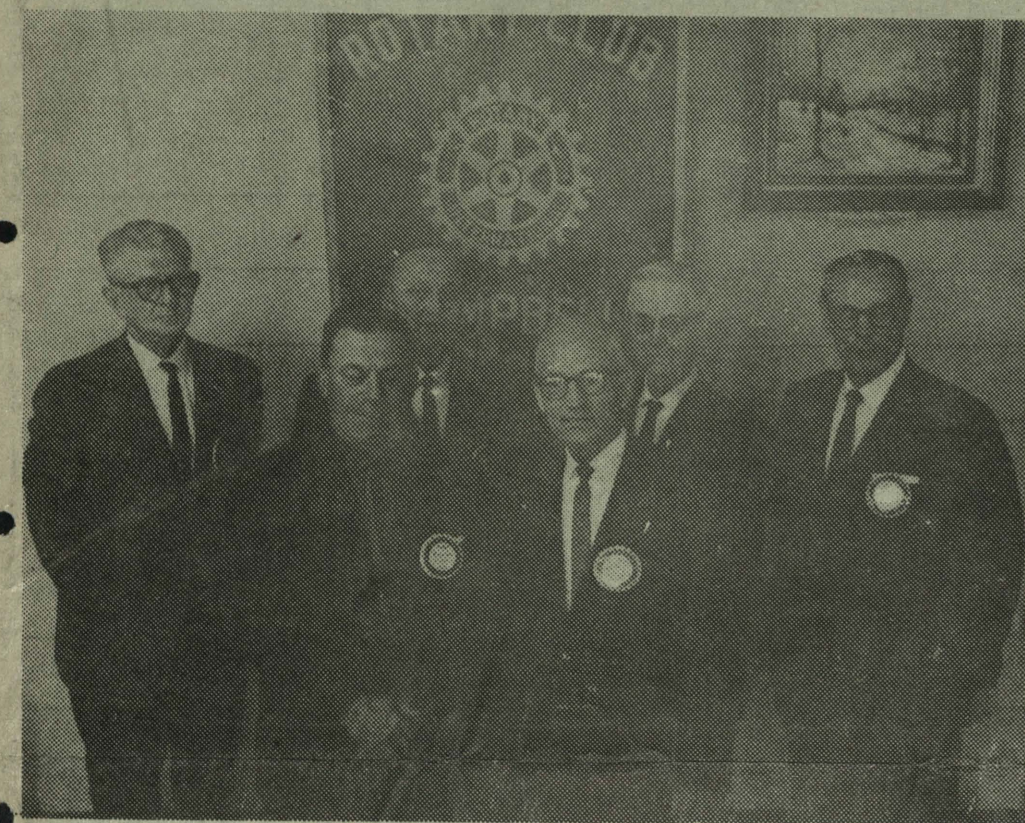

The hostess was a Saratoga high school girl and

her mother, who indicated to police they had invited only 30 youngsters to their home.

Formal invitations were not issued, police said.

Many of the guests, invited and uninvited, were from Campbell High School, Los Gatos High School, Saratoga High School, and some came from as far as Santa Cruz, the police reported. Six officers were eventually called in to quell the disturbance. Deputy Rhodes

told the Campbell Press he called for help when older youths refused to obey his orders and leave and used obscene language. He also reported beer cans and papers were strewn over the streets when the crowds finally disbursed. A number of minor accidents occurred as the crowds attempted to leave at the same time.

OUR TOWN

By Grace Hebard

Best wishes for a fast
recovery to Emerson (Doc)
Arends who is recuperating
from a virus attack. He has
been off the job (Campbell
Lumber Company) for
sometime now.

Mr. and Mrs. Fred W.
Jones of 72 W. Campbell
are taking their yearly trek
to Palm Springs for warm-
er weather. A little later
on they plan to spend some
time near Santa Cruz.

Mrs. Eugene C. Brick,
1072 Longfellow Avenue,
left for Europe last week-
end. Her ultimate destina-
tion is Switzerland, where
her daughter, Genie, is an
exchange student at Biel.
Accompanying Mrs. Brick
on this delightful sojourn is
Mrs. J.W. McKenzie of San
Jose. They will have stop-
overs in London, Paris, the
Riviera, Nice and Venice.
While in Biel, they will be
the guests of Genie's ex-
change family, the Karl
Straumanns. Genie is a
senior at Camden High
School and will return in
May or June.

Mrs. Ted (Connie) Regas,
who is recuperating from
surgery, wishes to thank
all her friends who wrote,
called or sent flowers
during her recent illness.
She will be up and about
again in a week or two.

Mr. and Mrs. Al Single-

ton, he's the C.P.A., are
proud parents of a new
baby girl.

Mrs. Jack Plymale, 214
North Third Street, Cam-
bell, was co-hostess with
her sister Mrs. Coy
Pierce of San Jose, at an
"open house" celebrating
the 50th wedding anniver-
sary of their parents, Mr.
and Mrs. Dorsey Peoples.

Sid Myring, 662 Hazel
Avenue, genial old timer
who used to be in London
vaudeville, will have a part
in "Witness for the Prose-
cution" to be presented by
the Los Gatos Community
Theater this week-end and
next at the Youth Center on
East Main Street.

Our own West Valley
Community Orchestra, a
project of the Campbell
Adult Education Depart-
ment, is showing great
promise. Over 50 localites
turned out to audition. We
should be hearing good
things of this group, which
is under the direction of
Raynold Allvin. For
further information con-
cerning this group call
Mr. Allvin at 252-0987.

Congratulations to Jess
and Mary Bean, who have
taken over the dry cleaning
and shirt laundry at Sparkle
Clean Center, located in
back of the Safeway at
Campbell Plaza.
